

To Whom It May Concern,

I am writing this letter in my capacity as Chairperson of the IEEE Student Branch at the University of Cape Town to provide a reference for **Nsuku Mareana**, who has served as the Student Treasurer for the 2024–2025 term.

In this role, Nsuku has demonstrated a high level of professionalism, responsibility, and organisational ability. His duties included assisting with budget planning, maintaining accurate financial records, supporting event cost management, and ensuring that all financial processes adhered to IEEE guidelines and university procedures. Throughout his tenure, he consistently approached tasks with diligence and integrity, showing strong attention to detail and a commitment to transparency in all financial matters.

Nsuku has also contributed positively to the teamwork and operational efficiency of the committee. He communicates effectively, collaborates well with fellow members, and is proactive in offering support where needed. His enthusiasm for engineering, leadership development, and student engagement has made him an asset to the society.

Based on his performance, I believe Nsuku possesses the work ethic, reliability, and initiative required to excel in future academic or professional opportunities. I am confident that he will continue to uphold high standards in any environment he joins.

Please feel free to contact me should further information be required.

Sincerely,

Mehdi Moradi

Chairperson — IEEE Student Branch
